DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steven M. Santisi on 7/27/2007. The application has been amended as follows:

Claim 5 line 10 "to empty" has been changed to --to not empty--.

Claim 22 line 5 "adapted to" has been changed to --executable on a computer to--.

Allowable Subject Matter

2. Claims 5-7, 9-12, 17-19, 22 and 25 are allowed.

Reason for Allowance

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach the following:

In regards to claims 5, 19 and 22 the prior art does not teach finding a flow attached to the scheduling queue if the search does not determine that the queue is empty, determining whether a higher priority flow preempts servicing of the flow

Art Unit: 2616

attached to the scheduling queue and detaching the flow found when the scheduling queue is searched and the detached flow is a winning flow.

In regards to claim 25 the prior art does not teach the attaching step includes assigning the flow to a slot in the scheduling queue according to the formula $CP + ((WF \times FS)/SF)$, where: CP is a pointer that indicates a current position in the scheduling queue; WF is a weighting factor associated with the flow; FS is a size of a data frame associated with the flow; and SF is a scaling factor.

The prior art alone or in combination fails to jointly suggest or teach the claimed combination of features as taught by the instant application. Therefore claims 5-7, 9-12, 17-19, 22 and 25 are to be deemed allowable over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
